

Hertfordshire
**Family Centre
Service**

The Family Centre Service is a joint Council and NHS run service which you will find invaluable as your child grows.

All families with children under 11 must be registered with the Family Centre Service to access our fun sessions and support.

We offer sessions on Infant Massage, Stay & Play, Breastfeeding support, Introducing Solid Food workshops, Music & Rhyme, Speech & Language, health and behaviour advice and much more as your child grows.

If you have not registered since October 2018, you will need to register with us now to enable you to access a range of free and low cost sessions.

Find here our quick and easy online registration form:
